

RKD8044-T™

RKD8044-T New! Model. RKD8044-T

RKD8044-T™ is specifically designed to control the **Di-VentiX II**. Equipped with a large VFD display offering highly contrasted menu, the **RKD8044-T** controls all the features of the **Di-VentiX II** and allows a complete live show control.

RKD8044-T offers high grade soft illuminated push buttons, smooth T-Bar, Direct access to Sources and Layer selection. A shift button allows an easy to access double function for some of the buttons such as Black, Freeze... Fitted with an RS232 Com port and an Ethernet LAN RJ45 connector, the **RKD8044-T** is easy to connect and use.

RKD8044-T is also available without T-Bar.
